Subject: Support for Juneau Road

I wish to express my support for this project. I firmly believe that a modern and environmentally conscious road from Juneau through upper Lynn Canal is in the best interests of the citizens of Northern SE Alaska and the State as a whole. I have reviewed the work done evaluating the costs of the various alternatives and I believe that a road offers the least expensive alternative to the most people. I know the current design stops the road at the Katzeihin River. I think that is a mistake and all efforts should be made with the National Park Service to build the road all the way to Skagway. There are many National Parks that have roads in them so that the citizens of the world may enjoy the sights and experiences of the wilderness. I do not see this as any different.

Thank you for this opportunity to comment on this crucial project. Best regards – Dan Bruce
